KMS Litho Limited - Environmental Statement

KMS Litho will ensure that all aspects of our activities are conducted in accordance with sound environmental practices. KMS Litho fully complies with all known current environmental legislation.

At KMS Litho we achieve this by:

- Minimising the consumption of natural resources and energy, whilst consuming material goods in moderation
- Reducing the creation of waste by the adoption of improved operating practices and by the re-cycling of materials whenever practicable
- Ensuring all waste and effluent is disposed of in a safe and responsible manner
- **All recycling is undertaken via two of our partners:**
 - [J & G Environmental Ltd, Dorset](#) – (printing plates & blankets, ink tins, processor water)
 - [Community Waste Ltd, Enstone](#) – (paper, board, & plastics)
- Advising our customers on the environmental credentials and benefits of using recycled paper grades and/or FSC/PEFC paper grades
- We print solely with mineral free vegetable oil based inks
- Investing in the development of new products and processes that have an improved performance regarding their impact on the environment
- Being a responsible employer and neighbour
- Ensuring that all employees carry out their duties in line with the above statement and, through training, are aware of their obligations
- Expecting similar environmental standards from all suppliers and contractors
- Assisting customers to use products and services in an environmentally-sensitive way
- Assessing the environmental impact of all historic, current and likely future operations
